

REPUBLICANS PLAN DANCE NEXT WEEK FOR LAKE COUNTY

Young People's Leagues
Will Be Hosts at Antioch
Wednesday.

Organization of a Young People's Republican league of Antioch was effected Monday night when Virgil Felter was named permanent chairman and Miss Ruth Pollock was chosen secretary. The meeting was held in Guild hall. It is estimated that the league will have an active membership of 100 persons before the next meeting, a definite date of which has not been announced.

Definite plans were made Monday night for the free dance which the Young People's Republican leagues of Lake county are going to give in the Antioch Palace Wednesday night, October 31. The dance is free to all Lake county residents, regardless of party affiliations, and will bring the league activities to a climax. The success of the dance is already assured, according to W. R. Behanna, chairman of the North Chicago-Waukegan league.

Entertainment will be provided by Chicago vaudeville talent. Dance music is to be furnished by Wightman and his Blue Diamond orchestra. There will be no requests for donations and no political speeches. John Noll is chairman of the entertainment committee. The expenses of the dance are being defrayed by friends of the Young People's Republican leagues, and Richard Macek is donating the use of the Palace. The entertainment acts are to be furnished through the courtesy of the Genesee theatre, Waukegan.

Several candidates were present at Monday night's meeting. Lee McDonough, candidate for representative, explained the advantage of having Republican representatives of Lake county in the House of Representatives. He told how the judges of election count ballots.

Richard Lyons, also candidate for representative, gave an interesting discussion of the national tariff question. Ray Padlock, candidate for senator, contrasted the prosperity during Republican administrations with conditions during periods when Democrats have been in power.

Perpetuation of American ideals and standards as brought about by the Republican party formed the theme for the address given by Justice Charles Mason, Waukegan. C. K. Anderson, Antioch, told of the prosperity experienced in the United States through the efforts of the Republican policies. For concrete examples, Mr. Anderson covered the presidential administrations from Harrison's time up to the present day.

Mayor S. E. Pollock officially welcomed the group to Antioch. W. R. Behanna was chairman of the meeting. Representatives from the Waukegan and North Chicago Republican league and from the young people's league of Grayslake and Libertyville were present.

WORLD'S CHAMP WINS MORE GLORY; ANNEXES DEEP LAKE VICTORY

Ray Pregenzer, Jr., Victorious in Outboard Motor Races.

After breaking the world's record at races sponsored by the Mississippi Valley Power Boat association at Peoria September 30, Ray Pregenzer, Jr., Antioch, took first honors in outboard motorboat races, Deep Lake, Sunday. Mr. Pregenzer is possessor of numerous trophies won in boat races. In the 25 mile race at Peoria an average speed of 36.26 miles an hour was made with Mr. Pregenzer's Elito Quad with Century Cyclone boat.

CAN'T DRIVE CAR

When Ed Proctor was arraigned before Justice Sam Tarbell for reckless driving yesterday, he was placed under \$300 bond and his license to drive was suspended for one year. The car which Proctor was driving featured in an automobile accident just outside the village limits Tuesday, the accident in which Charles Sibley received painful injuries. Proctor was arrested by Simon Simonson, chief of police.

Wagon, Three Cars Figure in Accident on Libertyville Road

Antioch People Escape Serious Injury in Four-Way Collision.

Miraculous escape from death or serious injury in an accident involving three cars and a wagon late Saturday on Route 21 a mile north of Libertyville was the experience of several Antioch persons who were returning from the Franklin Park-Antioch football game.

Lester Nixon driving his Whippet roadster, and accompanied by his mother and Joe Ewers, Danville, was closely followed by a Buick belonging to Mrs. Nellie Wood and having as passengers Robert Morley, Ruth Nixon and Leona Hennings, when Nixon's car collided with a wagon, that was said to be carrying no lights. The Whippet was thrown across the road directly in the path of a Hudson car headed south, driven by J. Richter, Chicago, who had as passengers his wife and daughter, and Mrs. Wood's Buick coming north. The Whippet was a complete wreck but the occupants luckily escaped serious injury. Mrs. Richter, most severely injured by being cut about the face by broken glass, was hurried to the Libertyville hospital.

Minor cuts and bruises were the lot of nearly all the others involved in the accident. The farmer driving the wagon, who gave his name as Exon, was thrown to the ground when his team started to run away following the collision. Eye witnesses claim the accident was unavoidable and say that no one was speeding.

LABOR RALLIES TO SUPPORT EMMERSON

H. Fishwick Makes Statement to Eighty Thousand Miners.

PRESIDENT OF MINERS
ENDORSES EMMERSON

Chicago, Oct. 25.—Labor has rallied to the support of the candidacy of Louis L. Emmerson, Republican nominee for Governor of Illinois. Labor unions in various sections of the state together with individual leaders of organized labor in virtually every county have declared themselves for Mr. Emmerson because of his fairness and sympathy with the aims of organized workers.

A recent statement made by Harry Fishwick, president of the United Mine Workers of Illinois is typical of the position taken by labor leaders generally.

"Being of a firm opinion that the miners of Illinois will find in Louis L. Emmerson a true and tried friend, ever looking for the welfare of the miners organization," said Mr. Fishwick, "and having a thorough understanding with Mr. Emmerson on labor matters, I heartily endorse his candidacy for governor."

"I trust the eighty thousand miners in Illinois will carefully consider this public statement which is made only

ANTIOCH MEN ARE NAMED OFFICERS OF HOOVER LEAGUE

C. K. Anderson and Elmer Brook Vice-Presidents of Business Group.

A Hoover Business Men's league of Lake county has been organized to promote the candidacy of Herbert Hoover for president. The purpose of the organization is as follows:

To devote its best efforts and energies to the election of Herbert Hoover as President and by all honorable and fair means, place his services, principles and record as a citizen and government official before the people, to the end that they, knowing of his great ability and record as a statesman and citizen will join in advancing and furthering his candidacy and ultimate election as President of the United States.

Any citizen of legal age who will support Herbert Hoover for President can become a member of this league by sending his or her name to Republican headquarters, Kercher Hotel, Waukegan.

Two Antioch men, C. K. Anderson and Elmer Brook are named vice-presidents of the organization.

DANCE IS COMING

Work is progressing toward the Antioch Firemen's annual Armistice Day ball, to be held Saturday night, November 10. A large orchestra, composed of Negroes, has been obtained. Plans for this year's dance are said to be the most elaborate ever made by the firemen.

Work of Republican Leaders to Augment G. O. P. Majorities

The tremendous majority that will be rolled up in this part of Lake county for Hoover, Emmerson, Hill Stratton and the other G. O. P. candidates will be greater because of the activity of committeemen and committeewomen from the three precincts of Antioch township, for years reckoned as the banner Republican township in the state of Illinois.

Recently appointed as committeeman for Antioch 3, the newly formed precinct which includes all territory west of the Fox river, is Arthur Gardner, who has elected as his assistant Mrs. George Matson. Both have been working diligently in the interest of Republican candidates.

A. N. Tiffany, Antioch 1, and Chase Webb, committeeman from precinct 2, veteran workers in many campaigns, just can't keep out of the game and as election day draws near they are putting forth more than their usual good efforts to augment the Republican majorities on November 6. Mrs. Oliver Mathews is committeewoman for Antioch 2, and Mrs. Barney Trieger, precinct 2.

Among the younger people who are interesting first voters in the cause of Republicanism, are found Virgil (Roxie) Felter, recently chosen as permanent chairman of the Antioch Young People's Republican league, and Miss Ruth Pollock, secretary. Effective work is being done by this newly formed organization.

Has This Admirable Quality Gone Wrong?

A Wisconsin subscriber, who evidently takes the Antioch News solely on its merits as a vendor of news, but who has very radically different political views, writes as follows: "provision for the letter being the handsome rotogravure photographs of Hoover and Curtis given free to News subscribers last week."

"I am sending your picture of Hoover back as I am not interested in the gentleman. If you have a picture of the next President, Al Smith, would appreciate it very much if you send it to me. P. S. Please don't hold your breath until Hoover is elected, as it is not within human power to do so."

Mr. Y, your frankness is appreciated and admired. We can't hate you for having courage of your convictions. You are the type that fights in the open. You will bear with us, we know, when we state that it's our conviction that Al Smith will never make the grade.

THEY'VE MOVED

One good move deserves another, so when L. M. Wetzel moved last week, Barney Naber had a display room vacant. This has been rented by the Southview Motor Sales company and they are moving in this week and will soon have on display a full line of Studebakers and Erskines as well as carrying a complete line of accessories.

YOU'RE INVITED

Women of Antioch Are To Be Given Opportunity to Learn New Dishes.

How to make tasty, delicious, and new dishes will be demonstrated at the high school Tuesday afternoon, October 30, by Miss Mary Danke, director of the home economics department of the Kraft Cheese company, Chicago.

Miss Danke, who holds a university degree with a major in home economics, comes under the direction of the Antioch High School Home Economics club. She is to discuss the manufacturing of cheese and then will show how to make salads and main dishes. The meeting is to be held in the food laboratory, second floor of the high school building. There will be no admission charge.

Mrs. Ruby Richey, head of the department, in commenting on the meeting said:

"The local club feels that this is a wonderful opportunity to learn how to make new dishes, and since the prices of meat are soaring it seems very fitting that we learn how to use more cheese, as cheese is one of the best meat substitutes."

Slayers Must Die In Chair

Two Given Death Sentence for Murder of Millburn Farmer

THREE FACE COURT

Forty minutes of deliberation were required for the jury sitting in the Beck murder trial, Waukegan, to return verdicts of guilty against Dominick Bresette, Chippewa Indian, and John Brown, Chicago Negro, in the court of Circuit Judge C. C. Edwards late Wednesday afternoon. Both men were given death sentences.

The two men were found guilty when tried for the murder of William Beck, 34, Millburn farmer, May 16. The trial has had some of the most dramatic incidents ever recorded in a Lake county case. Claude Clark, actual slayer of Beck, Arthur Boone and Harold Martin, who furnished the car and thus being accomplices, have pleaded guilty and are yet to face the courts on their pleas.

The sentences pronounced yesterday are the first ones given in Lake county, sending men to the electric chair.

ESCAPE ATTEMPTED; MACHINE TURNS OVER; DRIVER IS INJURED

Motorist Fails to Obey Orders of Local Officer.

In an alleged attempt of the driver to get away from Officer Frank Valenta, the car driven by Joe Kozlik, Chicago, turned over south of the village limits Saturday night, and Kozlik received several broken ribs and severe cuts about the left hand. Two other occupants of the automobile, whose names were not learned, were not hurt.

According to Mr. Valenta the car was driven through the downtown section of Antioch in a zig-zag manner, going from one side of the street to the other. Mr. Valenta says he followed them to the edge of town and ordered them to stop. The driver argued for several minutes, Mr. Valenta says, and finally the men in the car agreed to turn around and come back to Antioch. Instead of doing as they agreed, however, Mr. Valenta says that the car speeded away from the village at a rate of about 60 miles an hour. The officer followed, but as an attempt was made to turn into a dirt road south of the Antioch Palace, the machine turned over. As it was dark and as a crowd soon gathered, the other two men in the car made escapes. Kozlik was taken to Lake County hospital where his wounds were dressed, Monday he was brought to Antioch for trial before Justice Sam Tarbell, where he was fined \$25 and costs for disorderly conduct.

TO ELECT OFFICERS

Election of officers of the Lake Villa-Antioch Poultry association will be held at the annual meeting of the organization to be held in the Antioch High school auditorium tomorrow night. Harold Minto is president of the organization.

Previous to the business meeting a group of specialists from the Purina company, St. Louis, will present a four-act play which deals with the feeding of poultry. Although the play is a comedy, it also has educational features. The play, which starts at 7:45 o'clock, was presented in Edgewater Beach hotel successfully and proved to be very popular.

The boys of the local high school agriculture department will have a pumpkin show in connection with the meeting.

All mothers of the community are invited to attend the meeting of the Mothers' club to be held at the home of Mrs. L. O. Bright, Tuesday, November 6. A physician, representing the Illinois State Medical society, will speak on "The Child and the Community."

WOMAN IS INJURED AS CAR TIPS OVER

Painful Bruises and Broken Ribs Result from Auto Accident.

Painful bruises on the head and about the body, and several broken ribs were sustained by Mrs. Mary Kennedy, Chicago, when the car in which she was riding turned over yesterday just north of Antioch on route 21. The car was driven by Mrs. Bertha Smith, also of Chicago.

Mrs. Smith, according to Officer Frank Valenta, had driven off the pavement and in an attempt to get back on the concrete, lost control of the machine, so that the car was turned over. Mrs. Smith was not injured.

Mrs. Kennedy was taken to the office of Dr. W. W. Warriner, and her son-in-law, Thomas R. Morris, came from Chicago for her within a few hours.

DEADLINE IS SET

News writers from various communities around Antioch are asked to have their copy to the News office not later than Tuesday morning. It is possible that news reaching this office later than Tuesday morning, will not be published until the following week.

Perhaps this column should not be headed as it is, for during the last week it has been exceedingly difficult to see unusual or striking costumes in Antioch. There has been too much rain.

At a local hotel Sunday, however, a woman who said her home was in Milwaukee, wore a sand colored dress of heavy silk crepe. The dress was long waisted and the skirt was made with an uneven hem-line. Monkey fur finished the neck and the waist. Gold choker beads gave a finished touch to the costume.

In Kenosha the other night a high school girl had on a suit which looked as though it were of tweed—a full red in color. There were black velvet cuffs and a black velvet collar. The blouse worn with the suit was a tailored one of white silk, with a high neck. A black velvet bow was worn at the neck.

NOTICE OF PROPOSAL FOR BIDS

Sealed bids will be received for the construction of the improvement of Bishop Street and Chestnut Street in The Village of Antioch, consisting of a sanitary sewer with house connections and all other necessary adjuncts and material for same, by the Board of Local Improvements of The Village of Antioch, County of Lake and State of Illinois, until the 6th day of November A. D. 1928, at the hour of seven-thirty o'clock P. M. at and in the Council Room in the Village hall in The Village of Antioch, County of Lake and State of Illinois, at which time and place said bids will be publicly opened.

It is estimated that there will be about:

1550 lineal feet of eight (8) inch internal diameter sanitary sewer, of first quality vitrified sewer pipe tile, with joints laid in cement mortar composed of one part Portland Cement and two parts Torpedo Sand, measured by volume, complete in place, including branch connections, excavation and back filling.

50 lineal feet of six (6) inch internal diameter sanitary sewer, of first quality vitrified sewer pipe tile, with joints laid in cement mortar composed of one part Portland Cement and two parts Torpedo Sand, measured by volume, complete in place, including branch connections, excavation and back filling.

7 brick manholes of four foot internal diameter, of circular form with walls eight inches in thickness and base 12 inches in thickness, and six feet average height above the base supplied with cast iron covers of 250 pounds weight, all connected and in place, complete, including all excavation and back filling.

Said improvement shall be constructed and made in accordance with the ordinance providing for the same and the maps, plats, plans, profiles and specifications for the same on file in the office of the Clerk of said Village.

Proposals must be made on blanks furnished by said Board and in compliance with instructions thereto attached, which can be had on application to Harry James, Village Clerk and must be accompanied by cash or by check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank in an amount not less than ten per cent of the aggregate proposal.

The contractor shall be paid in bonds which shall bear interest at six per centum per annum and vouchers against the first installment.

No bids will be received unless the party offering shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids as authorized by law.

Dated at Antioch, Illinois, this 25th day of October, A. D. 1928.

Did You Ever Try
These Recipes?
Do, Please.

Children like spreads of any kind, but here is one that is just a little different: Cook together two cups of ground peaches and two cups of granulated sugar for 20 minutes. The result is—but it's best to try it. It's called Peach Honey.

In a current issue of a magazine one writer tells that the "secret of tasty salads is to make them the last thing before the meal is to be served." Of course, the lettuce must always be crisp, and there are many salads which have to be mixed immediately before serving. But—did you ever try Twenty-Four Hour salad? It is made a day before it is to be used. Take one pound of marshmallows, cut in quarters; one large can of sliced pineapple, coarse-

ly cut, and from which all the juice has been drained; one fourth pound grated cheese, and one pint of whipping cream, whipped very stiff. Mix all together, cover, and set in refrigerator or cold place for at least 18 hours. Serve on lettuce. Nuts may be substituted for cheese.

Did you know that raw carrots ground with equal parts of peanuts and mixed with mayonnaise—then spread on toasted rounds of bread, make a delicious open sandwich with tea?

CONVENTION IS HELD

TalesALL ABOUT WHAT THE
LITTLE CHILDREN ARE
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

Halloween season is here, and do you know, boys and girls, that the animal children had a big Halloween party last night? Guess where they had it! Right out in the cornfield where there were already shocks of corn and a great many pumpkins. Weren't they fortunate? You see, they didn't have to do a great deal of decorating like we do when we have a Halloween party. The field where the party was held is called "Animal-land Community Center" and that's where all festivals, fairs, and community gatherings are held.

The committee which arranged the program consisted of Jolly-hopper Toad, Fly-tail Squirrel, and Puff-tail Rabbit. And what a party these three planned! Would you like to hear all about it?

Well, when the guests arrived, great big Mr. and Mrs. Bucky-wucky

Goat were standing at the rail fence gate, dressed as ghosts. They looked so much like real ghosts that at first they really frightened many of the animal children—and the older animal people, too. All of those guests had to shake hands with the ghosts, and the goats had used kid gloves stuffed with salt and soaked in water for "hands" and you can imagine how cold and clammy those gloves felt to the guests.

Then all of the guests were blindfolded and made to do the most "scary" things. After everyone had become quite frightened, the covers were taken from the guests' eyes, and games were played. Mrs. Warmy-coat Sheep was dressed as a witch and stirred a big cauldron until she had the fortunes of everyone told. Fortunes, boys and girls, tell what is going to happen to a person in the near future. For example, Daintynose Rabbit's fortune said that she would marry Earsy Rabbit. This is what the fortune said, word for word:

Daintynose: "It won't be long until your wedding day. When you'll wed Mr. Earsy and be happy and gay."

Everyone had a good time realizing about what everyone was going to do.

Then it was decided to play forfeits. That's a game, boys and girls, where one gives something valuable to the leader of the game, and then must do whatever one is told, to get the valuable possession again. Now, Baa-baa Sheep was told to walk blindfolded for 300 steps and come back and tell who his sweetheart is. Baa-baa walked for a little ways—just out of hearing of the others when he felt his front feet touch water. Well, Baa-baa had scared to death of water. He tried to get the cover off his eyes but he couldn't. He was so frightened, because he thought he might be drowned, that he didn't even think of backing up or going in another direction. Wasn't he foolish, boys and girls? And if he had thought, even for a minute, he would have remembered that there wasn't even a pond in the field! So guess what he did! He just stood still. And he stood and he stood and his heart kept beating faster and faster. For, he thought, if he moved he might tumble into the water and be drowned. After a while Baa-baa began to cry. You see, he isn't very old, but he is old enough to know better than to be so silly.

When everyone was ready to leave the party someone missed Baa-baa. Everyone started to look for him, and sure enough they found him! Just couldn't anyone imagine what the trouble was, and when they asked him, between sobs he told them his sad, sad story!

Everyone started to laugh and finally Johnny Ape pulled the blindfold from Baa-baa's eyes. Then Baa-baa started to laugh, too. Then he cried again. But what do you suppose? The water which Baa-baa had felt on his feet was just a tiny puddle of about a cup of water—just a tiny low place in the field where Long-mane Horse had stepped after the rain. Well, Baa-baa felt so silly that he ran home just as fast as he could, and went straight to bed. His mother and father hugged him goodnight, and told him he must always be a brave, brave boy so that he would never feel "sheepish" again.

And Baa-baa promised he'd try.

TEACHER FROM BERLIN
TALKS TO CHILDREN

That the children of the schools in this country are more advanced than the children in European schools, is the belief expressed by Miss Mary Oswald, in talking to the children of the first grade of the Antioch school where Mrs. Charles Lux is teacher. Miss Oswald, formerly a teacher in Berlin, is the guest of her cousin, Mrs. Ed Turner, Main street. Miss Oswald came to America a month ago. An interview with Miss Oswald is to be published next week.

High School Students Are
Busy—So Much Is Doing!

ARE ON HONOR LIST

One student of the Antioch High school received grades of at least 90 per cent in five studies during the last first weeks of school; three had 90 per cent in four studies, five in three studies, 13 in two studies, and 32 in one study.

These figures are gathered from the list of names compiled on the scholastic honor roll. Dorothy Hughes had the highest grades in the school, while Martha Westlake, Marion Norman, and Helen Pachey were tied for second honors. Those having three studies with grades of 90 per cent are Louise Simons, Robert Dickson, Robert King, Ruth Nixon, and Grace Zelen.

Students with the required grade in studies are: Lewis Galliger, Frances Griffin, June Heatty, Homer Edwards, Marguerite Kufalk, Ruth McCorkle, Herbert Zelen, Vera Brown, Kenneth Denman, Ward Edwards, Jasper McCormack, Marie Shedeck, and John Nelson.

Those who had 90 per cent in one subject are: Raymond Burnette, Mary Galliger, Clara Halling, Martha Sehora, Stella Sheehan, Irene Walsh, Christine Ullman, Elmer Baethke, Elsie Dunford, Harold Kennedy, Gord in Martin, William Nelson, Esther Anderson, Peter DeSario, Charles Florio, Anton Fuchs, Robert Hughes, William Muter, Richard Martin, Grace Nelson, Lillian Wells, Robert Allred, William Gray, Gertrude Hughes, Lucile King, Emil Jubs, Gracia Lason, Russell McNell, Dorothy Hunsyard, Harry Steffenburg, Guy Williamson, and Pearl Mattes.

Four out of 31 seniors, or 13 per cent, had two nineties or more; six out of 34 juniors, or 18 per cent; six out of 58 sophomores, or 10 per cent, and six out of 57 freshmen, or 10 per cent.

The percentages by classes having one ninety or more are: seniors, 11 out of 31 students, 35 per cent; juniors, 11 out of 34, 32 per cent; sophomores, 15 out of 58, 26 per cent, and freshmen, 17 out of 57, or 30 per cent. This is a total of 54 out of 150 students of 36 per cent.

Antioch Is Winner

At Franklin Park

Before a large crowd of Franklin Park students and friends, and more than 150 from Antioch, the local high school football team defeated Coach L. R. Watson's Franklin Park eleven 14 to 0 Friday afternoon.

The Leyden team was unable to go through the lines or around the ends of the Antioch men, but made some nice gains through forward passes. The Antioch line opened up some good holes for the backfield and gained almost at will, but lost yardage several times through penalties inflicted for holding. Antioch scored in the first and fourth quarters, Steininger making the first touchdown and Sheehan making the second when he returned a punt for more than 40 yards.

High School Does

Things Up Right

Colleges and universities have their Dad's Day and homecoming celebrations, and now it is announced by Principal L. O. Bright that Antioch High school is to have a homecoming game November 12. The game is to be played with Libertyville on the Lake street field.

Alumni are expected to return, special decorations will be prominent on automobiles, at the school, and in business windows, and separate groups will probably plan meetings and parties of different sorts to welcome the alumni and guests of neighboring villages and cities.

Plans Are Discussed For Spring Events

Proposed events of next spring were discussed when teachers and principals of the Northwest conference schools met in Libertyville last week. Antioch was represented by L. O. Bright, L. W. Peterson, and Miss Hedvig Rice.

The first part of the meeting was divided in two sections. One group talked over public speaking contest plans. E. S. Smith, Barrington, was in charge. It was decided if plans are approved, to have a declamation contest in March in Bensenville. Students from various conference schools would deliver oratorical and dramatic selections and serious and humorous readings. A committee was appointed at a meeting to make definite plans which must be submitted at a meeting of high school principals to be held in Bensenville in December.

At the other group conference last week, music was discussed. It was decided, if plans are approved by the principals, to dispense with the contest procedure usually followed, and to put together organizations from all schools for a musical festival. Each school could have an orchestra, a band, a boys' glee club, a girls' glee club, and a chorus to take part in the festival. A committee was named to draw up plans, which must also be submitted at the principals' meeting in December.

Both the music festival and the public speaking contest will be held in Bensenville if plans materialize, as the Bensenville school is the only one having a gym floor as a stage and an auditorium with a seating capacity of 1,000.

Following the group conference, the 35 persons who attended the meeting went to a dinner, following which was a combined meeting of the two groups.

TO HAVE SOCIABLE

The first basket sociable ever held at the Antioch Township High school is to be given by the junior class November 9. Dorothy Hughes is chairman of the committee in charge. Entertainment is to be provided.

Teachers may preach and scold, but he that as it may, L. W. Peterson, high school instructor, went to a meeting of teachers in Libertyville the other night and came home—L.L. He wasn't well enough to teach the next day, and not even well enough to teach the next day, and not even well enough to attend a meeting of the professional group the next night.

Big Time's Coming! Warren Plays Here

It had always been an accepted fact that Antioch High school would defeat Warren High school in football. That is, it was an accepted fact until last year when the local team was trimmed to the tune of a 19 to 0 score. The Antioch men are seeking revenge Saturday when the Warren and Antioch teams clash here. A large group of fans from the Warren school will probably make the journey to the local field.

Coch Kelson of the Warren school started out this year with much new material, but he has whipped the crew into good shape and has a great fighting organization. Warren won from Leyden and held Arlington to a two point lead. The Warrenites are out to duplicate their performance of last year. Rivalry between Gurnee and Antioch is keen. The game is called at 2:30 o'clock.

School These Days

Is Just Like Play

No one dreads going to school anymore. Even the old jokes about Johnny "playing ill" to keep away from school, no longer are funny. Visiting any of the grades at the Antioch grade schools will reveal the enthusiasm with which each task is undertaken. For example, when W. C. Petty's students "get quiet" after the bell rings, singing is the first thing on the program. Yesterday Lillian Vykuta played the piano accompaniment. John Murrie usually plays but he had broken his glasses and couldn't see. Everybody sang, and sang with expression. The songs chosen were of different types—Now the Day Is Over, Nancy Lee, and Swing the Shining Sickle.

Teachers of the Antioch Grade school will attend a meeting in the Libertyville High school building Saturday morning. Speakers will be Miss Marjorie Hardy, School of Education, University of Chicago, and Miss Adelaide Ayer, head of training school, State Teachers' college, Milwaukee. Miss Hardy will talk on "The Child's Real Learning," and Miss Ayer's subject is to be "New Movements in Education" and "Difficulties in Elementary History."

REMEMBER?

Remember the days when there was the old eighth grade reader? Those days are gone—forever! The methods used in the Antioch eighth grade is both more interesting and more broadening than the old reader style. Students select newspaper clippings or short magazine articles and read them before the class. Listeners criticize the pronunciation of the words, the value of the story, diction, expression, and many minor points.

Yesterday Donald Snyder, Betty Warriner, John Murrie, Dan Williams, Homer Fawcett, Billy Brook, Lillian Vykuta, and Hazel Hawkins read articles ranging from automobile tests and blimps, to stories of world famous canals. It's strange, in a way, how all of the articles had a scientific slant.

Report cards for the first six weeks work will be issued next Wednesday at the Antioch Grade school. A new style of report card, designed by W. C. Petty, is to be used for the first time. The card is a combination of some of the best cards in the state, along with some original ideas which will meet the specific needs of the local school.

Colonial Collection

Proves Interesting

Colonial work is being taken up by the students of Miss Dorothy Patterson at the Antioch Grade school. In connection with the study Miss Patterson has asked the children to bring any colonial articles which might be placed on display for a short time. And the articles have started to come in. The first things brought were a powder horn and a flintlock.

Libertyville's second string men defeated Antioch's second string men 14 to 0 in Libertyville Tuesday afternoon.

SOCIETY and PERSONAL

DINNER IS HELD AT PARSONAGE

Eighteen members of the Methodist club of the Palatine church were entertained at the home of Mrs. A. M. Krahf Wednesday with the annual dinner and meeting. Mrs. Krahf was the first president of the club.

Mr. and Mrs. Charles Harden were taken to the Lake County hospital yesterday.

Mr. and Mrs. T. J. Trueman are now in Antioch after spending 19 days on a wedding trip.

Miss Marie Marvel Evanston, rector of religious education of the Methodist church of Lake county, was a guest of Mr. and Mrs. A. M. Krahf last night.

Mrs. Thompson, Channel Lake, and Misses Hilma Rosing and Jean Abt were in Urbana Saturday. Mrs. Thompson visiting her daughter Clara, and Miss Rosing and Miss Abt spending the day with Miss Mary Herman. They all took in the Dad's day football game between Illinois and Indiana. Illinois won, 7 to 0.

Charles Alvers and Howard Gaston departed Friday for Florida where they will probably spend the winter months. The trip is being made in Charles' Ford Business opportunity. They await both the young men upon their arrival in Seaside state.

Don't forget! Choir 17 will be given in the high school auditorium November 1 and 2.

Ray Webb and George Garland have been away from Antioch for three weeks on a vacation trip, returning this week. They attended the American Legion convention in San Antonio, Texas, and stopped in Houston, where Mr. Webb was in camp during the World War. They went across the United States border into Mexico at Laredo and while in Mexico witnessed a bull fight. They came back through Oklahoma where the Webb family lived. Relatives of Mr. Garland were visited in Iowa.

Mr. and Mrs. Howard Ames, who began with guests of Mr. Ames, father, Truman Ames, and of the Misses Ella and Lillian Ames last Sunday. The guests had been on a vacation trip in Mexico.

Mrs. Helen Johnson (Hill) Krahf had as at the home of her parents Mr. and Mrs. O. W. Krahf.

"Choir 17" will be given in the high school auditorium November 1 and 2.

For the benefit of St. John's church a card party will be given under the auspices of the Abar and Sanctuary society Saturday evening October 27, in the Highland Town hall. Bridge, Rummy and Five Hundred will be played.

In loving memory of William H. McGlashan who was mysteriously shot and killed on the Walker farm at Lake Villa, October 25, 1927.

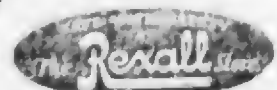

The happy hours we once enjoyed, How sweet the memory still, But this has left a loneliness.

Musical Selections Form Program Given After Dinner Hour

Thirty persons were present at the first meeting of a professional group of Antioch held in the dining room of the Antioch Township High school Tuesday night. Dinner was served by the Home Economics club members.

A committee was appointed by Miss Alice Smith, chairman of the meeting, to decide upon membership and a name for the organization. Those on the committee are the Rev. A. M. Krahf, chairman; Mrs. L. O. Bright and W. C. Petty. It was decided that the meetings should be held the second Thursday of each month, the place and the program to be arranged by a different committee each time.

Following the dinner a concert was given by the high school orchestra under the leadership of L. W. Peterson. A male quintet composed of Mr. Peterson, L. O. Bright, W. C. Petty, Fred Hackett, and G. G. Road sang several selections. Miss H. H. Royal gave a reading on "Bridge." Thursday night dinner was served.

Mr. Bright explained about the Book of the Month club and stressed of three books: "The Hotel," Elizabeth Bowen; "Napoleon by Land," and "The Intelligent Woman's Guide to Socialism and Capitalism," by George Bernard Shaw.

The committee for the next meeting is composed of Mr. Bright, Fred Hackett, and Miss Harwood.

Other committees to serve throughout the year are: Miss Mary Kynck, A. M. Krahf, and C. L. Kuhl; Mrs. Fern Lee, Mrs. Mildred Mann, and Miss Leone Miller; Miss Dorothy Patterson, Lee W. Peterson, and W. C. Petty; G. G. Road, Miss Hedvig Rose, and Mrs. Ruby Ritchey; Miss H. H. Royal, Miss Alice Smith, and Miss Julia Strickler; Miss Gladys Talling; Miss Elizabeth Tontou, and Miss V. Methodist Notes

Extensive plans for the year will be outlined by the Rev. A. M. Krahf in his sermon Sunday morning at the Antioch Methodist Episcopal church. The program will involve the building of a new community home, plans for which are now being drawn by an architect. The community center would have special rooms for Boy Scouts, Girl Scouts, church gatherings, and young people's societies. The program for the year also includes the carrying on of work among the summer residents, special stress being laid on outdoor meetings Sunday afternoons.

The first sociable and discussion group of the season for young people of the Methodist church will be held Sunday evening at 8 o'clock. Lunch will be served, followed by a discussion hour. The young people will carry out a threefold development program of recreational, devotional, and the end of the week at the Antioch and discussonal work.

ELGIN BOYS SLATED TO APPEAR FRIDAY AT ANTIOCH PALACE

Local Favorites Will Meet Picked Men In Real Battles.

Antioch Fight Results Double Windup

Joe Lunetto, Chicago, shaded Eddie Peddle, Lake Forest, in 3 rounds.

Harry Karlos, Chicago, defeated George Taylor, Waukegan, in 3 rounds.

Twin Semi-Windup

Leo Leggette, Chicago, beat Charley Zahnale, Highland Park, in 4 rounds.

Larry Levette, Waukegan, defeated Frankie Mason, Chicago, in 3 rounds.

Preliminaries

Hugh Campbell, Grayslake, lost to Herb Simmons, Lake Forest, in 3 rounds.

Robert Brown, Waukegan, earned the decision over Mori Maxedon, Waukegan, in 4 rounds.

Harry Leggette, Chicago, out-pointed Gene Deltose, Gary, Ind., in 3 rounds.

Joe Brown, Chicago, beat Lon Stanley, Waukegan, in 4 rounds.

"Fighters that fight" fought at the Antioch Palace last Friday night, and when eight fighters from Elgin appear on the card tomorrow night it is expected that there will be more action for the hundreds of fans who attend each week.

In the windup last Friday George Taylor and Eddie Peddle were the losers in bouts with Harry Karlos, Chicago, and Joe Lunetto, Chicago. Each bout lasted three rounds.

In the Karlos-Taylor fight, Karlos forced the going all the way through and floored Taylor with a right hand punch to the button in the first round. Taylor got up cautiously only to take another right hander which knocked him all the way across the ring into the ropes. By careful covering up he stayed the round. Taylor looked better in the second round, and in the third round he was far superior of his opponent, but not enough to cover the blows of the first period.

Was Real Fight

Lunetto and Peddle didn't have a baby scrap in any sense of the word. Both were going strong during the three rounds, and it was nip and tuck. The third round brought the defeat to Peddle, for he was off his guard and he took two awful blows in the jaw.

Leo Leggette, Chicago, and Charley Zahnale, Highland Park, struggled away for four rounds before the former was given the victory. The winner was leading the first two rounds but Zahnale came back so strong in the third that a draw was necessary.

It was Leggette all the way in the deciding round. He kept pounding away at Charley's nose until it was bleeding badly. On two occasions he sent in one-two-threes without one punch in return.

The other semi-windup contest resulted in a slugging victory for Larry Levette of Waukegan over Frankie Mason, of Chicago. Levette hit the Chicagoan with everything but the water bucket but he wouldn't go down.

Mason Stays

One of the blows which the Waukegan boy landed was a right hand cross to the face which could be heard all over the building.

Each of the four prelims was good. To start it off Hugh Campbell, Grayslake, took a three round trimming at the hands of Herb Simmons, of Lake Forest. Third round decided the affair. Herb shook up his opponent with hard rights to the body and head and had him bleeding at the nose.

Mori Maxedon, Waukegan, 170 pounder, was outpointed by Robert Brown, Waukegan, in the second bout. All Brown had was a fighting left hand slap to the face but he landed it almost at will when in need of points.

Maxedon Rallies

Maxedon did some rallying in the third round and had Brown hanging on but the fourth session found him raggedly tiring.

Harry Leggette, Chicago, shaded Gene Deltose, of Gary, Ind., in the third bout, winning two of the three rounds by close margins. Deltose gave the Chicago boxer lots of trouble and a rematch wouldn't hurt anything.

Lon Stanley, Waukegan, lost his second bout to Joe Brown, Chicago, Friday evening in four rounds in one of the best engagements on the card. It looked like Stanley had a shade in three rounds but the judges disagreed and the Waukegan boy was too tired to take the honors in four rounds.

The card for tomorrow night:

Joe Brown, Elgin 122 lbs., Leo Leggette, Chicago.

Artie Donovan, Elgin, 123 lbs., Harry Leggette, Chicago.

Sammy Genaro, Elgin, 113 lbs., Jimmy Chase, Golden Glove Champ.

Orla Fowco, Elgin, 126 lbs., Barney Ross, Chicago.

Wallace Bell, Elgin, 118 lbs., Alphonse Amzolome, Racine, Wis.

Jack Harris, Elgin, 155 lbs., Larry Levette, Waukegan.

Howard Sykes, Elgin, 132 lbs., Frankie Hughes, Kenosha, Wis.

Frank Russell, Elgin, 145 lbs., Jimmy Murphy, Belle Plaine A. C.

Route 173 To Go Through Antioch

County Highway Superintendent Ralph M. Lobdell has announced that reports that Route 173, the Zion to Rockford road, will not go through Antioch, are erroneous. The route is to take a course leading past the Antioch high school.

The county highway superintendent says that arrangements have now been completed, and work has started on the grading of Route 59 at Willis Corners. This route is being graded between Volo and Ingleside and is to be paved next year.

AT IT AGAIN

For the first time in several weeks, Arne Jokinen, football player and middleweight boxer, put on the gloves Tuesday evening in Slovenic hall, Waukegan.

Jokinen received a fractured hand in his last fight. He went three rounds to a draw and was unable to answer the bell in the fourth round because the attending physician discovered Jokinen had a broken hand.

Jokinen will probably be booked at the Antioch Palace again before long.

PRO BOUTS SCORE OKAY WITH KAYO AND REAL THING

Charley Rademacher's Program Is Full Of Interest And Fight.

Lovers of the manly art of self-defense, fully a thousand of them, got their money's worth last Thursday evening at Twin Lakes ballroom when the first all professional boxing card of seven bouts was staged by Promoter Carl E. Rademacher, under auspices of the Twin Lakes Athletic club. Under the strict rules of the Wisconsin boxing code, the bouts were held in the most orderly manner that could be imagined. At times all that could be heard in the great ballroom, that for the time being has been turned into a boxing arena, was the breathing of the fighters and clashing gloves of the leather-pushers.

Success for the first professional boxing card was there—there in capital letters.

tel letters—it could be seen in the smile of "Charley" Rademacher, also in the faces of the patrons who had "clicked" the gate at the big ballroom and incidentally assured the success of the first "big town" show sponsored by the Twin Lakes Athletic club.

Muzzy Wins Windup Bout.

George Muzzy, brawny Milwaukee mauler, was given the verdict over George Mayla of Chicago by newspaper men at the conclusion of six fast rounds in the windup bout. The battlers had weighed in at three o'clock at 135 pounds. The first round was fairly even, but Muzzy took the next. Then after two rounds of even manning, Mayla annexed the fifth, the Windy City chap staging a furious attack in this round and landing staggering blows to his opponent. It was in the last round that Muzzy displayed the goods that won the round and earned for him the verdict. His aggressiveness throughout the battle was a factor in his victory.

It was a great battle and both lads were good sports in every round. Each got great applause when he left the ring.

Heavies Mix In Sixth Bout.

The heaviest battlers of the show weighed in at 165 pounds. They were Jack Heilmann, Milwaukee, and Joe Corredo, Chicago. The heavies milled about the ring for four rounds, neither doing and considerable damage to the other. Corredo showed the best form in the first and final rounds for the newspaper verdict.

Handy Wins In Fourth Round.

After losing one round and playing even in two other sessions, Jack Hanley, Green Bay boxer, staged a fourth round rally that won him the decision over Tony Grayjack, Milwaukee, in the fifth bout of the show. The boys were in the 120 pound class. The bout was fast and provided real entertainment.

Munsell Classy Scrapper.

Two Milwaukee lads at 132 pounds,

Jimmy Munsell and Lester Kalberg, from exhaustion of from a blow that no one saw. The referee was Freddie Andrews of Milwaukee, and J. B. Glerum, Kenosha, announcer. The Twin Lakes A. C. is well satisfied with the success of the first show and has announced the next to be held November 8.

Gulbranson, Spiegel Draw.

After four rounds of a grueling and bloody battle the Gulbranson-Spiegel scrap was declared a draw by the scribes. Jimmy Gulbranson, Racine, and Leo Spiegel, Milwaukee, 120 class, were in there every minute of the fight, and while both lads shed blood profusely, due to deep cuts made about their eyes when they bumped heads in the second round, neither was seriously hurt and neither could gain any advantage over the other.

55 Seconds Finishes Kane

John Fay, Green Bay, scored a technical K. O. over Eddie Kane, Chicago, at 55 seconds of fighting in the first round. Fay did not seem to be a terrific puncher, nevertheless, Kane was down for a count of nine after a few seconds of fighting. When he dropped to the floor a second time without being hard hit, the referee refused to count, so won the bout on a technical knockout.

First Bout K. O.

The curtain raiser was between two 135-pounders, Felix Kamis, Chicago, and Shirdel Zimmerman, Janesville, Wis. Wild swinging featured the scrap, but both battlers connected and scored a knockout in the opening session. The second round was even. In the third Zimmerman flopped to the canvas for a count of 10 either

A sultan at odds with his harem

Thought of a way he could scare 'em;

He caught him a mouse

Which he freed in the house

Thus starting the first harem-scram

We want to make you a little proposition today. Take home a can of DUCO, try it out on something. If you are not delighted with the result, bring back the empty can and we will refund your money.

You have heard about the Scotchman who was afraid to fill his gas tank

for fear it would be stolen? Well, the same fellow pulled over to the air hose and blew up four tires, helping himself to the free air

He thought he was a big gun in the office—but he was fired

THE OPPORTUNITY IS HERE

Antioch has boxing. Antioch has two good moving picture houses. Antioch has dancing pavilions. There are lodges, clubs, and organizations of many kinds. But what of music? There are no music clubs and seldom does one have an opportunity to hear a musical program or a concert of any kind, unless one goes to nearby cities.

Aren't the residents of Antioch musically inclined? Have they been without music so much that they have lost their appreciation of the art? Certainly not! There is an opportunity coming, however, when one may express one's appreciation.

At a large expense for a high school the size of the local one, four numbers of a music and lecture course are to be brought to Antioch this winter. Tickets are to be priced exceedingly low. Most persons can afford to attend. Many persons will buy tickets from students, and never go to the concert. This is regrettable. L. O. Bright, principal of the high school, who is in charge of the program has explained that the numbers are brought here to offer high class talent to the residents of Antioch and the nearby communities. It is not a money making scheme. An "even break" is all that is asked.

What an opportunity! Figuratively speaking, the gold is laid at the feet of every person. Shall it remain there—unused?

WHICH SHALL IT BE?

Seniors of Antioch Township High school are now discussing the cap and gown question. Shall they, when they receive their diplomas in June, be dressed in gray caps and gowns, or shall some of the persons be expensively clothed and others have ordinary suits and dresses?

Commencement, while looked forward to with pride from a viewpoint of achievement, is a season of dread for many students and parents. Especially do many girls and their mothers shed tears over the clothes question. Foolish, you think? It is not foolish. Every girl likes to be dressed as well as her friends, and certainly every mother's heart aches to have her daughter look even better than anyone else. In some high schools as many as five dresses, at the least, are required for the graduate. There must be a white dress for commencement day, a sport suit for class day, a dainty silk of crepe de chine for baccalaureate, an afternoon dress for the reception and a formal gown for the dinner dance. Many authorities of the largest high schools make it compulsory for the girl graduate to wear one dress for all occasions—a white dress of dotted swiss or canton crepe, self trimmed. This makes the expense within the reach of everyone. Everyone is dressed equally well. There is no snobbishness. There are no heartaches. Certainly these things are to be considered. Caps and gowns? The seniors are to decide. What will the answer be?

THE NAVY HAS ITS DAY

Saturday, October 27, the birthday of Theodore Roosevelt, has been designated as Navy Day at the United States Naval Training station, Great Lakes, Illinois.

Navy Day was first sponsored in 1922 by the Navy league of the United States, a volunteer association of individuals, and since that time the official approval and co-operation of virtually all patriotic and veteran's organizations have been offered in support of the observance of the day. The sponsors of Navy Day have sought to establish at least one day in the year when people will turn their thoughts in a special way to what their Navy means to them, when special articles will be timely in the press and when tribute can be paid to the past and present services of the Navy to the Nation. The month of October is especially important in the annals of the United States Navy. On October 27, 1775, the first resolution to authorize American warships was introduced into the Continental Congress, to be passed three days later. The same date is the birthday anniversary of Mr. Roosevelt, who spent so much of his life in office and in civil life, in establishing a sound navy policy for this country, and in urging a strong merchant marine to carry our own imports and exports.

The Commandant of the Great Lakes station has issued a special invitation to the school children of Antioch and to the residents of this community to visit the station from 9 o'clock Saturday morning to 5 o'clock Saturday afternoon. At 10 o'clock there will be a dress parade; at 1:30 o'clock a sham battle, and at 2:30 o'clock a football game.

MILLBURN

D. M. White left Monday for Boulder, Colorado, where he will spend the winter with his daughter, Mrs. Carl Newman.

Mr. and Mrs. Pessine and children, Chicago, spent Sunday with their uncle, E. A. Martin and family.

Mr. and Mrs. Earl Priest, Three Oaks, Michigan, spent Sunday with Mrs. Priest's sister, Mrs. Leslie Bonner.

Howard Bonner was absent from school last week on account of illness.

Mr. and Mrs. Lyman Thain and sons left Tuesday for a two weeks' visit with Mr. and Mrs. Ernest White,

who lives near Great Falls, Montana. Mrs. Low who has spent the last 10 weeks with her niece in Newton, Massachusetts, returned to her home here this week.

Glenn Nelson spent the end of the week with relatives in Rogers Park. Mrs. Beck, Evanston, is visiting her daughter, Mrs. A. H. Pierstorff.

Miss Hurns, Oakland school, Miss Madwyn Shohan, Millburn school, Miss Irene Sheehan, Dean Hill school, and Miss Mary McAnn, Stearns school, with their pupils of the upper grades, went by bus to Chicago Saturday, and visited Field Museum and Lincoln park.

The Ladies' Aid will hold its annual bazaar and roast chicken supper Thursday evening, November 2, selling.

BUSINESS AS USUAL

The campaign has progressed far enough to indicate now that Uncle Sam is attending to his business as usual and that there is going to be no campaign slump. Predicting along this line Charles F. Mitchell, president of the National City bank of New York, said recently in an address in London before the American Chamber of Commerce located in the British capital:

"There is no reason why presidential years should differ from other years, so far as prosperity is concerned," he said. "Our prosperity has continued at a very high level. Our crops will be the greatest ever produced—900,000,000 bushels of wheat. Business profits for the first half of the year exceeded those for the same period of 1927 by 3 per cent. The production of steel will make 1928 a record year. August was a record month in automobile production with 458,000 cars turned out from our factories. Farm implement manufacturers are also having a bumper year, showing plainly the condition of our farmers. Our trade balance increased by \$114,000,000 in eight months."

"The American credit system will, however, have to bear great burdens soon because of the activity of the stock market and the movement of immense crops to the consumers. Because of the flow of gold to Europe, the United States gold ratio is now less than that of Great Britain."

There is a great deal of common sense in this. Why after all should campaign year be a year of hard times and business stagnation? It has been a tradition for generations of course, that business must suffer during the year of the presidential campaign. This theory was pretty well exploded in 1924 the first normal campaign year since the World War, and it is going to be completely annihilated in the present campaign. The farmers are being blessed with big crops this year, there has been a steady demand for manufactured goods from all parts of the country, our foreign trade has maintained itself and there seems no reason why business should not continue steady until the day of the election, and then improve even more rapidly as the first of the year approaches.

At any rate, as the election draws nearer it appears more and more certain that there will be no real business upset this year. The days of post-war reconstruction are over, and if the country continues to pursue wise policies there is no reason why we should not have several years of prosperity ahead. Only a complete reversal of our economic program could change this.

Speaking of "whispers" there's an old whispering standby that we haven't heard in this campaign. It is one which credits one candidate or another with having said that "a dollar a day and a pot of beans is enough for any working man."

The nation has just celebrated national grape week but so far as we can learn it hasn't put any part of the country in a ferment.

From the noises and reverberations which we hear from the Southwest it must be that Texas is taking this campaign seriously.

It is said that when they feel the earth shaking people in Southern California desert their homes. It doesn't take an earthquake for that in this part of the country. A jazz orchestra will do it.

Of course in the good old days we could buy a pair of shoes for two dollars and a half but we seldom had the two-fifty.

Probably in 1932 the dear public will be able to see the candidate for President over the radio as well as to hear him.

Loud speakers will be placed in the Prussian parliament to drown out the noise of the communist orators. A better way to subdue them would be to threaten each one of them with work.

The Kellogg treaty may get the war out of Europe but what are we going to do to get the gang war out of the movies?

The straw votes of course don't mean anything at all unless they show that your own candidate is in the lead.

Three thousand students of New York university are going to study Wall street. We know a lot of fellows who have been studying it for a quarter of a century and they still get on the wrong side of the market. Our idea of a good joke would be to send Jimmy Walker out on the trail of Senator Borah or Charles Evans Hughes.

Supper will be served from 5:30 o'clock until 8. Any donations of fancy work, battery goods, candy or articles for fish pond will be acceptable.

Alfred Meade, Pasadena, California, was a visitor Sunday at the home of Dr. H. E. Jamieson.

Mr. and Mrs. Carl Wymann and family, Chicago, spent the end of the week at their home here.

Mr. and Mrs. Louis Bauman and children spent Sunday at Charles Holdridge's near Waukegan.

An auction sale for the benefit of Millburn church will be held on the church lawn Friday afternoon, November 2. Many things are being donated and L. J. Slocum will do the selling.

Saw S. M. Wallace decorating his display window. Quite a crowd of children gathered about. Much more attention given than after the goods were in the window.

Just a little sun is needed to attract flies to a window, and—to start the parade of the go-carts down Main street. As surely as beautiful weather strikes Antioch, several mothers are seen out walking, pushing baby carriages. Mrs. Dan Harris starts out earliest in the day, is seems.

Truman Ames went into the post-office just a few minutes ago. He keeps busy with his work most of the time, doing his work in Mr. Richard's shop. The two men probably find much of interest to talk about. Did you ever notice how little girls like to watch these men work and to hear their stories?

Assistant Postmaster Roy Kufalk—late for work again. Just a little of course. Maybe his wife has too much breakfast for him. Maybe he over-sleeps. He's always wondering what one's first impressions of Antioch are. Wonder why? Surely, Antioch's a good town.

Harold Goldstrup walking up and down the street. Resembles Mark Twain a great deal. So much, in fact that it seems that he should be telling, in a southern drawl, about Huck Finn and Tow Sawyer.

If all the clocks in Antioch should stop, the best thing to do would be watch for T. A. Fawcett to open his tailor shop, for he certainly lives up to the expression "as regular as clock work."

Have you noticed the old Ford Buzz Van Patten and some of the

boys are driving around town—labeled ed Hoover and decorated with various slogans and pictures? Well, one thing is certain, from the looks of that car, Hoover, like Coolidge, some of these days is not going to "choose to run."

HIGH TURKEYS

Judging from early reports the crop of turkeys will be high this Thanksgiving. Losses of young pullets in the southwest due to

disease and the destruction of hatches due to unfavorable weather, are given as the reason for the high prices.

Confidence in Shell Motor Oil is well placed

It is the kind of oil you would expect Shell to make—sturdy, long-lived, dependable

Shell Motor Oil is backed by the resources and reputation of Shell. It is worthy of the name it bears—worthy to be the companion of Shell Gasoline in your car. Shell-made from start to finish, this dependable oil was developed for the strenuous demands of modern high-speed driving—and is more than equal to the task.

Painstaking thoroughness is evident at every stage in production—for example, the crude oils forming the base of Shell Motor Oil

are picked for their rich lubricating properties. The Shell refining process operates only at a low temperature and preserves the natural heat resistance of the oil.

Trust your motor car investment to Shell Motor Oil—it stands the gaff—protects every moving metal part in your engine—relieves you of all worries about lubrication. Shell service stations and Shell dealers have it in just the right grade for your car.

Mrs. Lucy Sherman, Miss Florence Ridge and Mike Hansen saw the "King of Kluges" in Kenosha Thursday evening.

Carl Schreck, Libertyville, Mr. and Mrs. Will Schreck, Waukegan; Mrs. Katherine Schreck, Chicago, and Mr. and Mrs. Finnegan, Richmond, attended the auction sale of articles belonging to Carl Schreck Tuesday. The sale was well patronized by people from the surrounding country.

Mrs. Charles Hazleman spent Wednesday and Thursday with her mother, Mrs. Mary Wright in Ma wood and visited a brother in a Chicago hospital who recently underwent an operation for the removal of her tonsils.

Mr. and Mrs. William Evans accompanied Mrs. Fred Hawkins to Kenosha Thursday to see Mrs. George Rohnow who underwent an operation for the removal of gall stones at the Kenosha hospital Monday.

L. H. Mickle went to Chicago Tuesday to spend a few days with his sister, Mrs. Adams.

NOTICE OF PROPOSAL OF BIDS

Sealed bids will be received for the construction of the improvement of Parkway Avenue and First Street in The Village of Antioch, consisting of a sanitary sewer with house connections and all other necessary adjustments and material for same by the Board of Local Improvements of The Village of Antioch, County of Lake and State of Illinois, until the 6th day of November A. D. 1928, at the hour of seven-thirty o'clock P. M. at and in the Council Room in the Village Hall in The Village of Antioch, County of Lake and State of Illinois, at which time and place said bids will be publicly opened.

It is estimated that there will be about:

1400 lineal feet of eight (8) inch internal diameter sanitary sewer, of first quality vitrified sewer pipe tile, with joints laid in cement mortar composed of one part Portland Cement and two parts Torpedo Sand, measured by volume, complete in place, including branch connections, excavation and back filling.

tions, excavation and back filling.

1150 lineal feet of six (6) inch internal diameter sanitary sewer, of first quality vitrified sewer pipe tile, with joints laid in cement mortar composed of one part Portland Cement and two parts Torpedo Sand, measured by volume, complete in place, including branch connections, excavation and back filling.

3 brick manholes of four feet internal diameter, of circular form with walls eight inches in thickness and base 12 inches in thickness and seven feet average height above the base supplied with cast iron covers of 350 pounds weight, all connected and in place, complete, including all excavations and back filling.

Said improvements shall be constructed and made in accordance with the ordinance providing for the same and the maps, plans, profiles and specifications for the same on file in the office of the Clerk of said Village.

Proposals must be made on blanks furnished by said Board and in compliance with instructions thereto attached, which can be had on application to Harry Isaacs, Village Clerk, and must be accompanied by cash or by check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank in an amount not less than ten per cent of the aggregate proposal.

The contractor shall be paid in bonds which shall bear interest at six per centum per annum and vouchers against the first installment.

No bids will be received unless the party offering shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the ordinance, maps, plans, profiles and specifications for the same on file in the office of the Clerk of said Village.

A Party of Achievement

THE Republican Party has a remarkable record of achievement. Nation and state have progressed and prospered under Republican rule.

Constructive Republican leadership in Illinois for more than 70 years—during which time there have been but two Democratic administrations—has won for this State an enviable position among the most progressive states of the Union.

The nominees of the party this year were selected at a primary in which more than 1,660,000 Republican voters participated. They were chosen because of their well-known honesty, ability and experience. Under their guidance Illinois will go forward with long strides during the coming four years.

They are pledged—

- To hasten the construction of the bond issue system of roads and to undertake the working out of a plan for the surfacing of secondary roads, thus extending the benefits of paved highways to thousands of farms and small communities.
- To apply business efficiency in highway construction and other public works.
- To work out a sound, just and economic reform of the taxing system, in order to relieve homes, farms and other visible property of the unequal burden they now bear.
- To cooperate in every way possible with agricultural interests for improvement of the condition of the farmer and to assist in securing national farm relief legislation.
- To maintain a helpful attitude toward industry and to favor legislation for the protection of wage earners and the improvement of conditions under which they work.
- To assist the coal mining industry by demanding the removal of the unfair differential on Illinois coal.
- To extend and improve the charitable institutions and maintain the highest standards for the care and treatment of helpless wards of the state, free from spoils politics.
- To insist upon regulation and management of public utilities in the interest of the public which they serve.
- To complete the construction of the Lakes-to-the-Gulf Waterway and to urge the building of a waterway connecting Chicago with the Atlantic ocean through the great lakes.

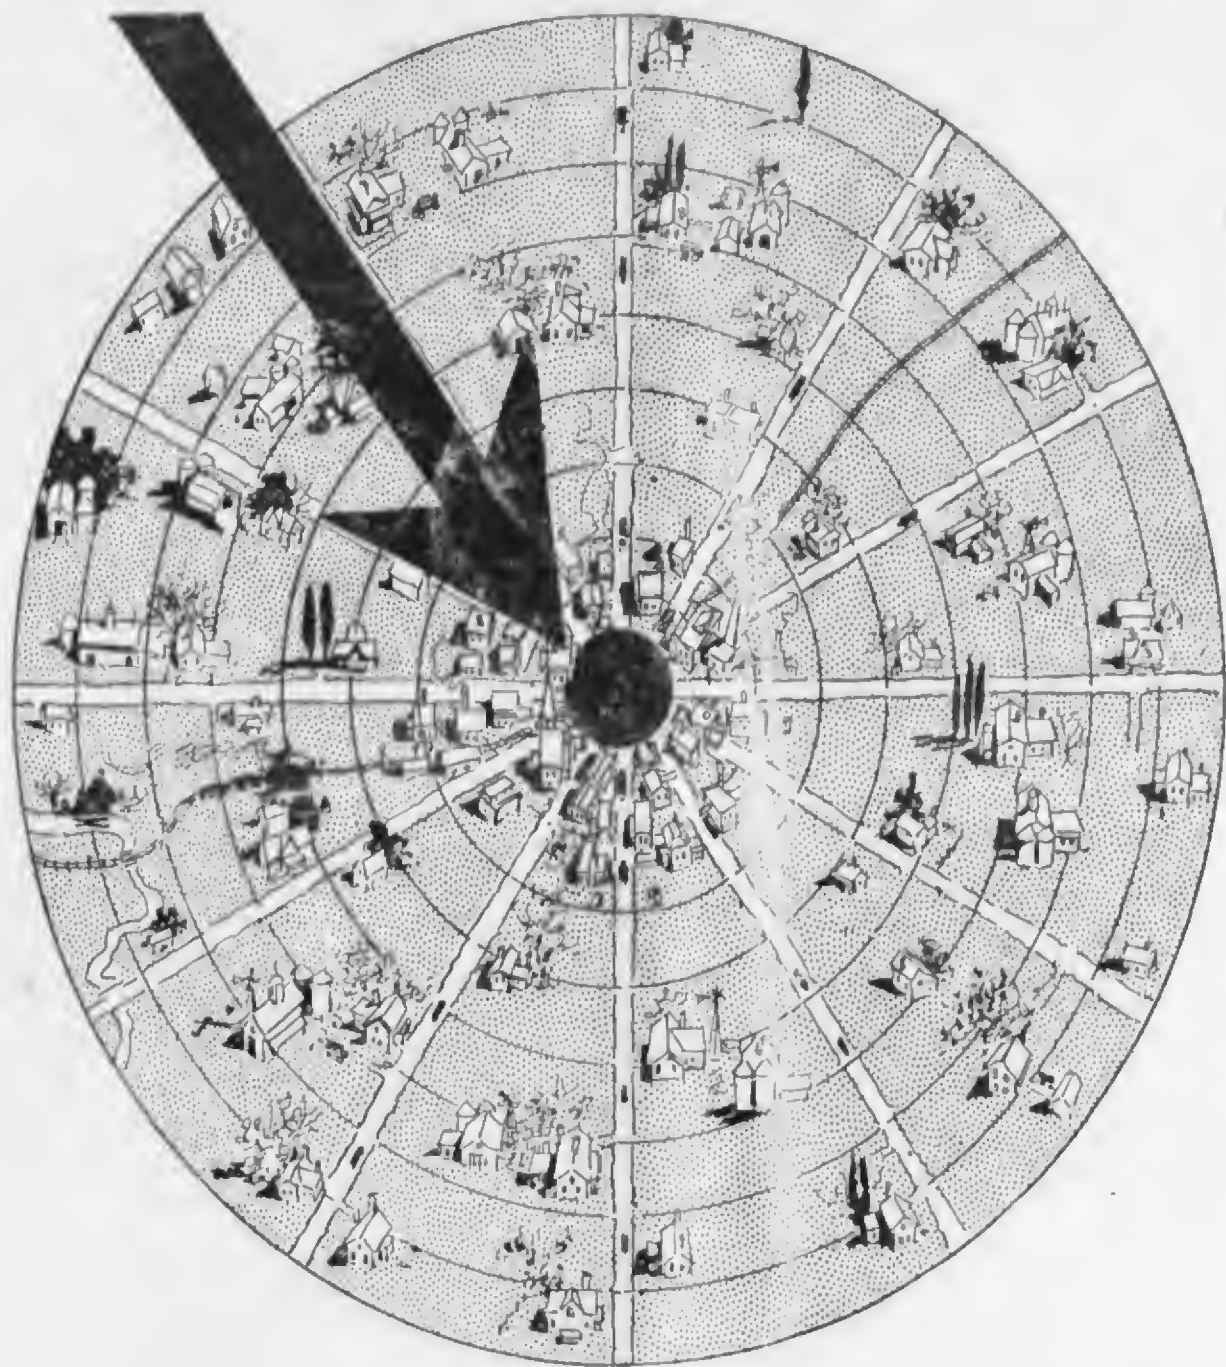

These and other pledges are all summed up in the one promise of efficient and economic state government.

Help Illinois by putting a cross in the Republican circle on Tuesday, November 6.

OUR HOME TOWN

THE CENTER of our business and our social activities---The place we call home.

Are we doing, day by day, the many things we should do to make this Home Town of ours an even better place in which to live---

Do we assume our share of civic responsibility
Do we always put our best foot forward . . .
Do we boost our home town to outsiders . . .
Do we meet adversity with a smile . . .
Do we trade with home merchants . . .
Do we pay our bills promptly . . .

?

Folks, when we can all answer "YES" to these few questions, then, and not until then, will we be on the road toward a bigger and better Antioch

The Strang undertaking establishment was in charge of the burial.

FARM AUCTION

Having sold his farm, Frank J. Clark will sell at public auction all of his personal property on the premises located 1½ miles west of Waukegan and 3 miles east of Millburn on Thursday, November 1. Seventy head of livestock are to be offered in the sale, including 4 horses, 40 head of high grade Holstein and Guernsey cattle, 2 brood sows and 25 Shropshire sheep. Also a quantity of feed and tools and farm machinery. Usual terms. James J. Welch is the clerk and William A. Chandler, auctioneer.

STOVE EXPLODES

When the gasoline stove in the William Tidder home, Petite Lake, exploded Sunday afternoon, \$10 damage was done by the fire which resulted. The Antioch fire department was called but the blaze was extinguished before the firemen arrived. The alarm was sounded at 4:10 o'clock.

During 1927 26,000 people were killed and 800,000 were injured in automobile accidents

In 1928 so far 100 people are killed every day. Can you afford to take the risk? I write a wonderful accident policy for \$5.00 a year—think of it—in case of death \$1,000; \$25.00 a week for injury; \$10.00 a week for hospital confinement, \$12.50 a week for partial disability and other benefits. For \$10.00 a year, gives you death, \$2,500, and other benefits in proportion. See me at once, protect yourself and your family. Ages 16 to 65. J. C. James.

Unbiased Political Seer Picks Hoover; Is Open To Conviction

Seeking the "low down" on the forthcoming election, an Antioch voter addressed a letter of inquiry to a Wisconsin man who has gained national reputation through his ability to forecast results in presidential elections. A close student of history as related to things political, the writer of the following letter has seldom been wrong in his political prognostications. Here's the letter from the man of national reputation who claims he is still open to conviction: "Your questions interest me. You say no one knows how to bet. I don't think there need be any question of the result. Just bet on Hoover if you can get a bet."

"I have not tried to analyze the situation as to electoral vote yet. N. Y., Ill., Wis., doubtful; Mass. and Penn., Hoover."

"I am not betting yet. How am I voting? I am open to conviction. If the election were today I would vote for Hoover? Why? Because I think he is the best qualified man that the Republicans have nominated in more than a generation; better than Roosevelt. Because he is not the product of a political machine. He is making use of political machines now, but he's not the man they wanted. Smith is able, fearless, honest, and would make a capable president, but he is the product of a political machine and I am prejudiced against machines. If Hoover ever allows the Pennsylvania machine or the Ohio machine to influence him I will lose all respect for him."

"I have been predicting that Smith would get fewer popular votes than Cox. I may be far off. I have not looked at any of the straw votes. I think there are other ways of figuring the results by states which are more reliable."

"Don't forget that our population is more rural than urban. It is my personal belief that the Volsted law will be modified no matter who is elected and also that no matter who modifies it or how, it won't make conditions any better than they are now. I don't mean to say that more people think my way than some other way. How will your town vote?"

"I will form no definite conclusions until the last week in this month. I may change my mind by that time."

"I predicted that the Democrats would pick Hull for vice-president. I reasoned that they would pick a dry, southern Protestant and one who was popular in the south. Hull and

after diligent investigation, having for its purpose the best interests of the miners of the state.

"This action on my part is taken with the full realization that leaders in my position should take no active part in politics unless they are convinced such action is justified beyond all reasonable doubt. I should like to particularly emphasize that I am for Mr. Emmerson for Governor with teeth and toe nails."

State Senator William J. Sneed, vice-president of the United Mine Workers of Illinois also strongly endorses Mr. Emmerson as a man who if placed in the chair of the governor of Illinois would see to it that the rights of workmen throughout the state would be respected, and that their just demands would receive attention at Springfield.

"Throughout his public life Louis L. Emmerson has demonstrated his friendship for organized labor. Friendship for labor, sympathy with its cause are pledged in his speeches during the present campaign and in his party's platform."

"One need but compare the conditions under which Illinois miners work with those prevailing in Tennessee, Alabama, and other Democratic states to understand the differences between the attitude toward labor of Republican administrations and of administrations controlled by the Democratic party," said Mr. Emmerson recently. "This is true of all industries. In the south where the Democratic party has been in an interrupted control for three-quarters of a century, low wages, almost unbearable working conditions, child labor and absence of proper protective measures prevail."

"In Illinois the workman's compensation law, the child labor law, a woman's labor law, an effective factory inspection law, a free employment system and excellent protective measures applicable particularly to

were the requirements, but I didn't know that he had incurred the enmity of Tammany. They picked Robinson, a dry southern Protestant from across the river from Hull. So I wasn't so far off. 'Bet on Hoover'."
